

TAMCO SYSTEMS

The Leading

Hygiene

Service Provider

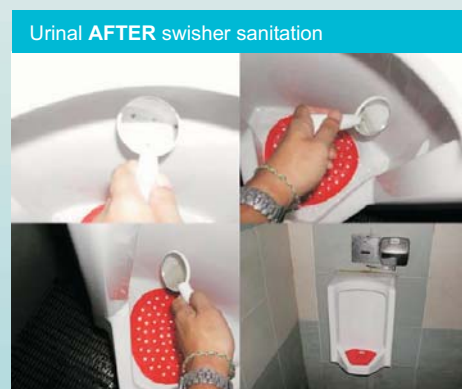

- **Swisher Hygiene Service**
- **Swisher Anti-Bacterial Treatment**
- **Swisher Pest Management**
- **Swisher Washroom Products**

## Swisher Hygiene Service

- Deep cleaning and sanitation of porcelain fixtures (bowls, sinks, urinals) to remove build up and stains.
- Germicide treatment...Effective in controlling bacteria, viral and fungal infections between visits. Makes restroom maintenance between our visits easier.
- Installation and maintenance of Swisher Air Freshener. Keeps restrooms fresh smelling.
- Installation of soap dispensers and a continuous supply of lotion hand soap.
- Urinals screens as needed...deodorized and sanitized.
- "Sanitized By Swisher" stickers on each fixtures...let your customers and employees know that you have gone the extra step for thier protection.

## Swisher Anti-Bacterial Treatment

Your Swisher route technician can now sanitize your entire restroom or facility with germicidal disinfectant that will eliminate all germs with a continuous self-sanitizing residual activity.

- Your employees and customers can enjoy the comfort of having a safe, clean-smelling, sanitized restroom environment.

- Every four weeks we will “mist” your restroom with the same nontoxic, environmentally safe germicidal disinfectant that we use on your porcelain fixtures.
- The “mist” covers every square inch of your restroom (walls, ceilings, floors, vents, drains, every crack and crevice).
- Our germicidal disinfectant is EPA registered, nontoxic and environmentally safe.

## Swisher Pest Control

- Swisher offers complete pest elimination and fully integrated pest management.
- Swisher uses environmentally natural baits and traps only.
- Swisher offers weekly verses monthly protection at the same cost.
- No customer preparation time is required for food service establishments.
- Swisher’s complete service records provide you input on housekeeping needs as well as a detailed account of each Swisher treatment.
